Explanation of Nyung Ne rates:

The price of a Nyung Ne includes: accommodation (in a dormitory), meals, and session fees.

To calculate the price of your Nyung Ne:

1 - Multiply the amount corresponding to the number of Nyung Ne you have completed, choosing the price according to your fare class A, B, C, or D (see below).

2 - To this total, add the price of dinner and the night before the first Nyung Ne + breakfast on the last day, when you leave.

3 - If applicable, multiply the supplement for the room or studio accommodation you have chosen, calculated per night. Prices are given for dormitory accommodation.

Example: you are doing 4 Nyung Ne, you are in rate B, you choose a single room.

1 - $4 \times €51.20 = €204.80$

2 - €22.90 price of dinner and the night before the first Nyung Ne + breakfast on the last day

3 - $€9.10 \times 9 \text{ nights} = €81.90$ (number of nights in a single room)

Total = €309.60 for the 4 Nyung Ne

ABCD rate

You contribute to the cost of your stay according to your means. Financial considerations should not be an obstacle to your participation in the center's activities. A scale of fees is available, allowing you to participate according to your resources.

Four rates are available depending on your income:

Rate A: for incomes below €1,400

Rate B: from €1,400 to €1,700

Rate C: from €1,700 to €2,100

Rate D: over €2,100
